IMPACT ANALYSIS FOR UG PROJECT (SURVEY BASED)

Academic Year: 2021-22

Date: 29.9.2022

A. Title of the activity: UG Project (Survey Based)

B. Objective:

To introduce 'Survey' as a method of research which helps to uncover answers to specific questions in an unbiased manner.

C. Activity Outcomes:

	Upon completion of this activity, learners would:	Mapped PO	Level of Mapping
A01.	Be able to frame appropriate questionnaires on specific topics	1	3
A02.	Be able to communicate with survey participants in a professional manner and Be more aware of the role of pharmacists in society	6	3
		7	2
		8	3
		9	3
		6	2
A03.	Be able to solve the queries of survey participants	3	3
A04.	Be trained more on time management and target completion	2	3

D. Rate the Outcome: This survey-based project helped you to

Q. No.	Question	AO mapped
Q1	Explain the rationale behind the inclusion of each of the questions in the questionnaire to the survey participants.	A01
Q2	Communicate the objective and scope of the survey to the participants.	A02
Q3	Resolve the queries raised by survey participants.	A03
Q4	To achieve the assigned number of participants.	A04
Q5	Become aware of my duty towards society as a pharmacy professional.	A02

UG PROJECT (Survey based)

FYBPharm Sem II

EVS based survey

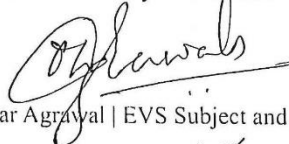

The survey-based UG project is an initiative undertaken by VESCOP for the past three years. This UG project is given to students of First Year B.Pharm.

Under this activity, survey questionnaires encompassing various environmental aspects are designed by activity coordinators. The target area to undertake the designed survey is also selected by activity coordinators. Each student of F.Y.B.Pharm has to take the survey by asking enlisted questions to the target population (Minimum 5 people). The survey is analyzed based on the answers given by the target population and a report is generated.

This survey-based activity serves as the basis for one of the methods of literature survey which will help to inculcate research perspective in students. Being a preliminary step towards research-based projects, the activity is suitable for students of F.Y.B.Pharm under which students will learn to communicate the objective and scope of the survey to participants. Students will also learn to achieve the assigned number of target participants and resolve the queries raised by survey participants. At the end of the activity, students will become more aware of concerns regarding environmental issues and will be encouraged to take steps towards resolving the same.

The findings of the survey are directly correlated to one of the weekly mapping POs.

Name and Signature of Activity Coordinator:

1. Mr. Ojaskumar Agrawal | EVS Subject and Activity Incharge | VESCOP

2. Ms. Juceli Shiriskar | EVS Subject and Activity Incharge | VESCOP

REPORT ON UG PROJECT (Survey based)

2021-22

F.Y.B.Pharm (Div A and Div B)

Total Response collected: 674

Following are the conclusions drawn based on the surveys taken by students:

96.43% of people claim that their surrounding is clean.

3.5% of people claim that their surrounding is not so clean.

3.5% of people are satisfied by the garbage disposal system in their surroundings.

60.53% of people are not satisfied with the garbage disposal system in their surroundings.

83.38% of people feel that garbage collection and segregation is frequent in their area.

16.61% of people feel that garbage collection and segregation is not so frequent in their area.

91.24% of people are aware of the diseases spread by unhygienic conditions.

8.75% of people need to be aware of the diseases spread by unhygienic conditions.

4% of people agree that they are not very involved when it comes to keeping their surroundings clean.

95.99% of people agree that they are involved when it comes to keeping their surroundings clean.

71.36% of people agree that they have a proper drainage system in their area.

28.63% of people need attention for the construction of proper drainage systems in their area.

Environmental Sciences Survey

Survey on Cleanliness

This google form holds the aim for carrying out a survey to understand the awareness of cleanliness in the current situation.

It is very important to clean our surrounding in order to prevent the diseases like Parasitic (malaria), Viral (flu) and bacterial (food poisoning) and to keep our environment beautiful and healthy for every living being .

The data received will only be used for the purpose of survey based analysis at college level.

" KEEP YOUR CITY CLEAN AND GREEN FOR THE FUTURE GENERATIONS TO BE SEEN "

Best Wishes,

Mr Ojas Agrawal | Assistant Professor | EVS Subject Incharge | VESCOP | Mumbai | MS |

Ms Jueeli Shiriskar | Assistant Professor | EVS Subject Incharge | VESCOP | Mumbai | MS |
