AC 14/6/2018

Item No. 4.53

UNIVERSITY OF MUMBAI

Bachelor of Pharmacy

Third Year B. Pharm. and Final Year B. Pharm

(Semester V to Semester VIII),

Revised course (REV- 2016)

from Academic Year 2016 -17

(All over Choice Based Credit and Grading System with effect

Dr. (Mrs)  Supriya S. Shidhaye
PRINCIPAL
Vivekanand Education Society's
College of Pharmacy
HAMC, Behind Collector Colony,
Chembur, Mumbai - 400 074

FOR Non University Exam System (NUES) subjects, i.e. Seminar and Experimental Techniques in Pharmaceutical Sciences, of the M. Pharm. programme, the question papers for NUES courses will be set by examiners and paper-setters appointed by principals of the institutions/colleges and will be evaluated at the institutional level following the same pattern as that for other theory subjects and marks and grade will be forwarded to the university. Both these subjects will **not** be considered for calculation of CGPA.

3.2.4 Modes of Evaluation for Projects/Dissertation

B. Pharm. Project: This project is supervised or guided, and need regular interaction (at least once a week) with the supervisor/guide. Project group has to submit a project report and defend it in front of a panel of examiners. Evaluation of Project will be conducted by two examiners. One examiner shall be the Internal examiner (guiding teacher). The second examiner will be an External examiner who will be appointed by University. The examination shall be as follows:

A. Evaluation of Project Report:

Objective(s) of project	20 Marks
Methodology adopted	30 Marks
Results and Discussions	25 Marks
Conclusions and Outcomes	25 Marks
Total	100 Marks

B. Evaluation of Presentation:

Presentation quality (audio-visual, content, format)	30 Marks
Verbal presentation quality/Communication	25 Marks
Viva and critical discussion	45 Marks
Total	100 Marks

NOTE: The 100 marks assigned to the project report shall be same for all the students in a group. But, the 100 marks assigned for presentation shall be awarded based on the performance

Dr. (Mrs.) Supriya S. Shidhaye
PRINCIPAL
Vivekanand Education Society's
College of Pharmacy
HAMC, Behind Collector Colony,
Chembur, Mumbai - 400 074

(PTO)

Created by 2JPEG | www.2jpeg.com

of individual students in the given criteria. Both the examiners shall each give marks out of 200 marks assigned to the project and their individual marks shall be averaged to give the final marks. The dates for submission of reports, the dates for presentations are to be scheduled as per the guidelines of University and details of mode of assessment are given in the curriculum manual.

M. Pharm. Dissertation: For **evaluation of Dissertation**, a learner has to submit required number of hard bound Dissertation/Thesis reports to the respective section of University.

Writing the thesis

The thesis will be typed using Times New Roman font, size 11, 1.5 line spacing, with all headings/subheadings in bold.

The thesis will be of maximum 125 pages and composed in the following manner

Chapter 1 – Introduction. This should be limited to about 30 pages and will describe all background information of the research described in the thesis.

Chapter 2 – Aims and objectives, limited to 2 pages.

Chapter 3 – Plan of Work, limited to 4 pages

Chapter 4 – Experimental. This section should preferably include only the optimized experiments from which the inferences and conclusions were drawn.

Chapter 5 – Results and Discussion, this should constitute 40 to 50 pages of the thesis.

Chapter 6 – References. This should be in ACS format. Refer to Ch. 14 *In The ACS Style Guide*; Coghill, A., et al.; American Chemical Society: Washington, DC, 2006.

If any deviations are found in the style of writing the thesis, the thesis is liable to be rejected by the University.

Scheme of assessment for Thesis

Assessment	External Examiner	Internal (Guiding Teacher)	Total
	50	50	100

The *viva voce* examination on the thesis submitted by the learner will be done according to Table 4. Both the external examiner and PG teacher shall jointly examine the student on the research work compiled in the thesis and will separately allot marks based on the following parameters:

Curriculum Book

Project		
Course Code: BPH_E_805_D	Final Year B. Pharm.	Semester: VIII
Type of course: Practical	Contact Hours: 12 Hrs/week	
Course assessment Methods:	Semester-end assessment	
Assessment Tools:	ESE	
Max. Marks:	200	
Pre-requisites :	Sound understanding of methods of literature search, Basic knowledge in the domain of Pharmaceutical sciences. Comfortable in working in the laboratories and passion for research	
Course objectives :	To inculcate research aptitude among the learners To enhance learner's skills of applying theoretical concepts to solve a practical problem To develop inquisitiveness among learner	
Course Outcomes: After the completion of course learner will be able to:		PO Mapped
CO1	Articulate a clear research problem and formulate a hypothesis	1, 3, 4
CO2	Define and use terminology, concepts, and theory in the field of Pharmaceutical Sciences and know how to use them	1,2,3, 4
CO3	Use library and other tools to search literature for a specific problem	1,3,4,11
CO4	Know existing body of research relevant to their topic and explain how their project fit	1,3,8
CO5	Work collaboratively with other researchers/ fellow colleagues.	4,5,6

LIVE PROJECT A Y 2021-22		
List of faculties with research areas made available to the students while selecting the guides		
Faculty Name	Field	Specific Research Area of Interest
Dr. Mushtaque Shaikh	Pharmaceutical Chemistry & Medicinal Chemistry	Molecular modeling and synthesis of small molecules
Dr. Supriya Shidhaye	Pharmaceutics	NDDS
Dr. Ganga Srinivasan	Pharmaceutics	NDDS
Dr. R S Hirlekar	Pharmaceutics	Oral, topical formulations, cosmeceuticals, nanoformulations, lipid based DDS
Dr. Anand Chintakrindi	Pharmaceutical Chemistry & Medicinal Chemistry	Molecular modeling and synthesis of heterocycles
Dr. Anita Ayre	Pharmaceutical Analysis & Quality Assurance	Formulation & Analytical method development using Quality by Design Approach
Dr. Neha Chhabra	Pharmaceutics	NDDS, Cosmeceuticals
Mr. Keyur Shastri	Pharmacognosy	Development of Herbal Formulation and its Evaluation
Mr. Ojaskumar D. Agrawal	Survey/Field Based Project	Analytical method validation and development
Mr. Pratik Barve	Survey/Field Based Project	Surve based work
Mrs Chaitali Surve	Pharmaceutics	NDDS
Mrs Pradnya Shinde Korlekar	Survey/Field Based Project	Therapeutic area based
Mrs Vidhi Bhatia	Pharmacognosy	Herbal formulation development and Evaluation
Mrs. Ashwini wani	Pharmaceutics	Formulation developemet and Evaluation
Mrs. Harsha Kathpalia	Pharmaceutics	Formulation design by QbD including Design of Experiments
Mrs. Rashmi Wani	Survey/Field Based Project	Synthesis of compounds
Mrs. Sonali Munj	Pharmaceutical Chemistry & Medicinal Chemistry	CADD and synthesis of small molecules
Ms. Prachitee Ayare	Pharmaceutics	Formulation development and Evaluation
Mr. Avinash Suryawanshi	Survey/Field Based Project	Survey regarding knowledge and awareness of theapeutics
Dr. Aparna Palshetkar	Pharmaceutics	Formulation Design and Characterization
Ms. Khushboo Malbari	Pharmaceutical Chemistry & Medicinal Chemistry	Computer aided drug design and synthesis of small molecules
Dr. Shweta Gupta	Pharmaceutics	Formulation Development, NDDS, QbD-DoE
Ms. Mamta Venna	Survey/Field Based Project	pharmacoeconomics, survey regarding awareness of diseases

 Dr. (Mrs.) Supriya S. Shidhaye

Live Project Area Selection 21-22

Dear Students , Please select your order of choice for subject area you would want to pursue your research project in.

Steps :

1. Selection & Allotment of Research Area
2. Selection & Allotment of Research Guide

Rules:

1. The order of allotment will be on merit, based on your Sem III, IV and V results.
2. The order of allotment of research area and research guide will be based on your choices.
3. Equal number of students will be placed in each group
4. There may be no possibility of switching the groups or subjects later.

* Required

Projects/Dissertations B. Pharm Project (Final year B. Pharmacy Semester VIII):

Project - 6 credits

Total Marks allotted - 200

A Project is a requirement for the B. Pharm. degree, wherein under the guidance of a faculty member, a group of not more than five learners in the eighth semester, is required to do some innovative work with the application of knowledge gained while learning various courses in the earlier years. The learner/s is/are expected to do a survey of literature in the subject, work out a Project plan and carry it out through survey, experimentation and/or modeling / computation. Through the Project work the learner has to exhibit skills for both analysis and critical thinking. The project may be useful for Presentation in Avishkar, or/maybe published or for other innovative work.

1. The project can be done in any stream of Pharmaceutical Sciences.
2. The project need not be hugely literature oriented (as it is the case of M. Pharm)
3. Field base / Survey based projects can be given, provided, they are sensible and students are able to generate enough data.
4. Review article cannot be given as project.
5. Time allocation should be done in the time table
6. Safety issues should be monitored.
7. Should not expect very high quality research.
8. Ensure students learn documentation
9. It's a group activity hence contribution from each individual should be justifiable.
10. Other guidelines are provided in the syllabus.
11. All the students in the group will be working on the same project and common project report will be produced jointly by the group for evaluation..

Title of the project:

List of the title of the project, students and internal faculty be send by the Principal to the BOS members to facilitate the process of appointment of external examiners per centre.

Submission of Project:

The complete details of the project have to submitted as a report of not less than 25 pages (A4, 1 inch margins, single line space, font Times Roman, font size 12, excluding count of reference pages) to the College before the prescribed date. The credits assigned for Project is 6 credits.
