NATIONAL VOTER'S DAY
25th January 2022

Every year India celebrates January 25 as National Voters Day since 2011 to mark Election Commission Of India's Foundation Day and to spread awareness among the youth of the nation to actively participate in the national political process and encourage them to get enrolled under the Electoral rolls.

The right to vote is one of the most important pillar of democracy and is one of the important privilege we as the Citizens of India have. The vote of an individual is the very nucleus holding a democracy together and decides the future of India as the voter elects his representative for the nation.

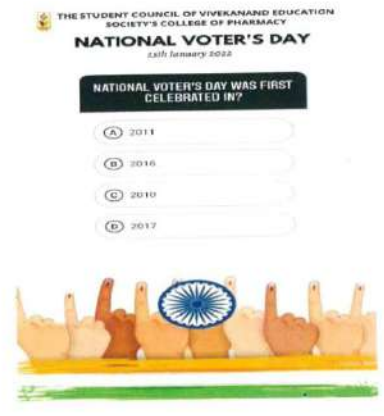

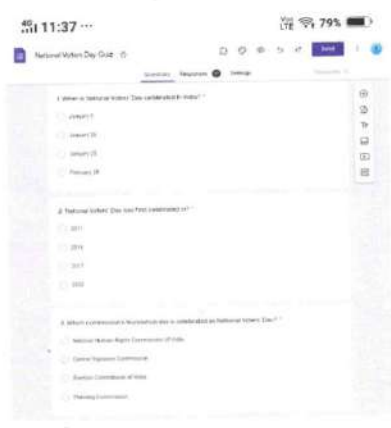

The very essence of democracy is the choice of the people, for it is rightly said that a democracy is of the people, by the people, for the people.

This National Voters Day, Student Council of VESDCP urges all the eligible citizens to register themselves and get acquainted with their right as a voter.
