Dear Madam,

At the outset would like to thank you and the entire VES team for all the efforts put in to help us with our formulations in such a short lapse of time.

A special thankyou to Dr.Supriya for helping us in a smooth facilitation of all the project activities and her unstinted support for the same.

The formulations were very well appreciated by our global colleagues during our lab inauguration in China as well as by our customers during CPHI India.

In fact, the Microemulsion nasal spray, the topical antifungal spray and the Topical antiacne microspheres gel garnered a lot of interest as also the rectal foam and the sensorials of the topical cream for Psoriasis, were very well appreciated.

To continue further, we would like to visit and meet you to discuss on the final way ahead with all the formulations most likely next week.

Sub: - Minor Research Grant Project.

Sir/Madam,

I am directed to inform you that the said proposal has been considered by the University and the research grant as quoted above is sanctioned to the researcher.

The sanctioned amount will be disbursed in two installments. The first installment of 40% of the sanctioned amount will be disbursed within the month of March. The remaining 60% amount will be disbursed up to 31st August, 2018.

The researcher is expected to spend 60% amount initially from his/her own resources to carry out the work.

Further, I am to inform you that the researcher will have to utilize the 40% sanctioned amount on or before 31st March, 2018 and submit original bills/vouchers of the expenditure alongwith Utilization Certificate duly certified by the Principal/ Director/ Head/Institute/University Department of the College to the Accounts Section of University.

Please note that 60% balance amount out of sanctioned grant will be released after presentation of your proposal & final approval of the committee. You need to submit utilization certificate after presentation of your research and final approval of 60% grant including bills/vouchers/receipts in original through University Accounts Section.

The report of the research work carried out by the concerned researcher will have to be submitted to the University on or before 31st August 2018.

The Principal/Head of the Institute are requested to inform the researcher accordingly and arrange to forward his/her undertaking immediately to enable this office to release first installment of the research grant.

Yours faithfully,

Statement and's CD... Siddique in '13

The couple visited Crime Branch Unit on Wednesday afternoon where Goswami recorded her statements under the supervision of senior inspector Nitin Thakare, who is heading investigation into the case.

The couple said they were present to help the police probe.

Cops said while going through the seized material from Siddique, they found that Suri's CDR, too, had been illegally sourced from one of the accused. A senior police officer added that while Suri does not know Siddique, Goswami has reportedly admitted to being a client of the celebrity lawyer.

Ever since the racket was busted, cops have been calling witnesses and

While Pandit got bail, Rizwan was released after the high court rapped Thane crime branch and held that the police had acted in a "high-handed" manner and had failed to follow "due process of law".

A police officer added that another set of cellphone numbers was found with the accused and is currently under investigation.

Suri has directed several movies, including Kalyug, Awarapan, Raaz, Murder 2, Ashiqui 2 and Ek Villain. Goswami made her debut in 2003 with Prap. She later acted in Zehn and Aksai. The couple has a daughter.

State plans higher FSI near Metro stations, transport hubs

Officials said they are hopeful that the new DP will be implemented to a large extent given the construction incentives. The rising population of the city and the low index of per capita housing—Mumbai has an average of 30,900 people per square km, making it the second most over-crowded city after Dhaka—are among reasons cited for promoting redevelopment and providing higher FSI.

Reintroducing the Transit Oriented Development, the government plans to offer higher FSI near Metro interchanges, metro/railway stations and other transport hubs. Builders redeveloping Mhada properties like old and dilapidated buildings in the island city will now require consent of only 51% of tenants instead of 70% at present. This will be applicable to cluster redevelopment projects too. Special provisions will be framed for redevelopment of Godhram, Kollwadis and Adilvasi padas too. Similarly new rules will be framed to enable redevelopment of buildings in the airport tunnel zone.

Shishir Bajaj, chairman and MD, Knight Frank India said, "Significant increase in FSI for residential development, particularly in south Mumbai, and the unprecedented fillip for commercial development would bring much needed stability in the real estate market." Yomesh Rao, member, Practising Engineers, Architects, Town Planners said that by allowing 406 sq feet tenements for mill workers, government has also laid the ground for a minimum size for tenements in all categories.
