Dear Madam,

I would like to congratulate you and your team for an outstanding contribution of 205 kg of E-Waste from your esteemed institution on 17.02.2020. It has been handed over to "E-incarnation Recycling" for Scientific Recycling. This collection is a very good step towards Swachha Bharat Abhiyan. I look forward to similar cooperation and involvement in all our future ecofriendly endeavours.

e-Waste Collection Drive and Tree Plantation

Event: e-Waste Collection Drive and Tree Plantation

Day: Thursday

Date: 30th Jan, 2020, (till 17 Feb 2020)

Venue : VES Campus II, Medicinal Garden of VESCOP

Activity Report along with Photograph

In Collaboration with Ms. Rashmi Joshi and Environmental Consultant, an e-waste collection drive was initiated. A guest lecture on the sensitive issue of e-waste management and practices was delivered by Ms. Rashmi Joshi to FY M. Pharm and B. Pharm Students, Teaching and non-teaching staff. Dr.Mushtaque Shaikh and Ms. Kajol Khandagale were the coordinators for the activity while great support was extended by Mr. Nitin (Electrician), Mr. Praduman , Mr. Malan Vichare and other office staff. A total of 250 KG of e-waste was collected and handed over to the collaborator for systematic disposal on 17.02.2020.

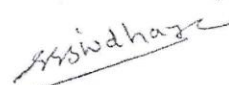

Along with awareness seminar, a tree plantation activity was conducted at medicinal garden of VESCOP through a generous support from Ms. Rashmi who donated 20 saplings of plants to college. All the faculty members and admin and technical staff enthusiastically participated.

Subject – Request to reduce incubation (IIC) fees

Respected Ma'am,

I Kirti sawant, is writing this mail in order to request you to kindly reduce the per month cost of our incubation activity from Rs 2000/- to Rs 1000/-.

Since we are not utilizing many of the resources such as Chemicals and Complex machinery and require only basic facilities such as 3-D printing, Storage, Electricity, and Basic mentor support. And all the other materials used are all procured by us at our own expenses.

After considering the fees of incubation at other colleges we feel Rs 1000/- is reasonable. Also being students we do not have enough financial support, So kindly look into the matter and consider our request.

Thanking you,

Yours Sincerely,

Kirti sawant

Season Greetings & Warm regards!

I'm pleased to invite you to become an advisory member of the Vivekanand Education Society's proposed Technology Business Incubator.

Vivekanand Education Society (VES) started their education activities in 1962, and today, the society has more than 20000 bright young minds under its umbrella studying in different disciplines such as engineering, management, arts, science, commerce, pharmacy etc. The society has a legacy of producing institutions of very high education standards, which have made a mark in the field of education. VES is venturing into a newer avenue of Technology Business Incubator (TBI). The vision of VES TBI is to provide a pedestal to help knowledge driven enterprises to establish and prosper under organized scientific guidance.

"Credibility, connections and counsel" are the most important contributions of an incubator advisory board. The main purpose of the TBI's Advisory Board is to provide management and technological advice about the direction the incubator should follow. We would be very glad if you would give your consent to be on the advisory board and extend help to our incubation center in your area of expertise in technology.

Incidentally, we are glad to share with you that we are in the process setting up research & innovation Centre and your association with our organization will go a long way in fulfilling our vision towards research.

Looking forward to your favorable reply and long association with you.

Thanking you,

Sincerely yours,

B.L. Boolani
Shri. B.L. Boolani
Trustee In-charge

*Thanks a lot
for this opportunity.
Will be part of it.*

ACKNOWLEDGEMENT

None of us has gotten where we are, solely by pulling ourselves up from our own bootstraps. We got here because somebody bent down and helped us.

Undertaking this PhD has been a truly life-changing experience for me and it would not have been possible to do without the support and guidance that I received from many people.

I take this opportunity to express my deep sense of gratitude to my research guide **Dr. (Mrs.) Supriya S. Shidhaye**, Principal and Professor of Pharmaceutics, V.E.S. College of Pharmacy for her constant support, guidance, insights which have taught me valuable lessons in life. Her simplicity, kindness, patience, sincerity and zeal for perfection continue to be of great inspiration for me. Thank you for all the support and encouragement she gave me, during both the long months I spent undertaking my lab work in Bhubaneswar and also the time I spent at Mumbai and Pune. Without her guidance and constant feedback this PhD would not have been achievable.

I would also like to thank **Dr. (Mr.) Chandrashekhkar Damodar Khadse**, Professor, Pacific Academy of Higher Education and Research University, Udaipur for his guidance.

I gratefully acknowledge the funding received towards my PhD from the Biotechnology Ignition Grant, BIRAC, Department of Biotechnology, and Government of India. Thanks to **Dr. Srinivas Patnaik** (School of Biotechnology, KIIT University, Bhubaneswar, India) for his encouragement and supervisory role and also **Dr. Gopal Kundu** (National Centre for Cell Science (NCCS), NCCS Complex, Pune, Maharashtra, India.) for his valuable input.

I greatly appreciate the support received through the collaborative work undertaken with the School of Biotechnology, KIIT University, Bhubaneswar, India and National Centre for Cell Science (NCCS), NCCS Complex, Pune, Maharashtra, India, during the first phase of my lab work – thank you to **Ananya Banerjee** for making those first few months of data collection all the more interesting.

V.E.S. College of Pharmacy is the institute, which harbored the very education and training I went through. I thank my alma mater for its uninhibited, growth-oriented and progressive environment. I am proud to be a part of VESCOP.
