Dear Madam

It gives us great pleasure to introduce us as "Genericeplus Pharmacy Pvt. Ltd.," a company that has been incubated with the aim of serving society by offering "Premium Medicines at affordable prices."

To begin with, Genericeplus Pharmacy Private Limited is raising equity in pharmaceutical distribution and cultivating the retail pharmacy chain called "Genericeplus Pharma" - purchasing generic medicines franchise around.

We at Genericeplus, through our own franchise called "Generic Medicine Store," plan to encourage young people, students and investors to come forward and become entrepreneurs with a social cause to sell generic medicines at significantly discounted prices to the vulnerable patients. However, Genericeplus is also committed to "Increasing awareness of generic medicines" through various activities in the community. We ensure that every Swasta Aushadhi Kendra sells goods from reputable companies that have different requirements.

Based on government initiative of providing affordable medicines to the people of India, we started Generic Medicine distribution network in 2016. Our core aim is to address the need of quality medicinal products and to encourage the use of generic medicines in India. Currently we have 1200 plus franchisee stores in Maharashtra, Karnataka and looking to expand PAN India.

We provide an exceptional array of pharmaceutical drugs and have an incredible number of Business associates. With us franchising becomes easy. We possess state of art store facility which is of highest standards that includes high end reliable and affordably priced products.

For the students of your college, we would like to provide a great opportunity by conducting the campus interviews and guest lecture for the benefit of the students.
