IQAC SUMMARY REPORT 2018-2019

IQAC fosters a number of activities to make everyone aware of quality assurance strategies and processes. The IQAC committee was expanded by adding new members like Parents, Industry, alumni representative and administrative officer. Regulatory Affairs add-on course was conducted for M.Pharm students. Technology assisted Teaching learning process was initiated by introducing smart class facility and RFID card for attendance monitoring whereas on other side teacher's lectures were uploaded on college website for brand development of college. To strengthen the Industry Institute linkage MOU was signed with various industries like Adroit Biomed ltd, Aquadry, Verodox, Healthcare, B and B Pharma solutions. Various technical and nontechnical sessions on topics like Eco-friendly application of hydrotrophy, Entrepreneur development and Effective use of ICT tools for research were conducted for staff and students. NAAC criteria were distributed to different teams by allocating the responsibility to respective criteria In-charges.

IQAC SUMMARY REPORT 2017-2018

In order to expand and develop research in the areas of diagnostics, analytical method development, healthcare products and veterinary products, related research projects were allocated to M. Pharm students. Also various research proposals were drafted and applied to various funding agencies like SERB, RPS and ICMR out of which the research project of 37 lakhs was received by VESCOP. Infrastructure augmentation, purchase of library books and Digital library course for e-Learning were few additional important decisions taken by IQAC. As a part of professional activities fire mock drill was conducted for students and staff to make them understand the protocol. Additionally for strengthening the alumni network the alumni web portal was also made and implemented.

IQAC SUMMARY REPORT 2016-2017

The IQAC is a vital part of the college which works towards fulfilling the goals of quality enhancement by developing a system for effective and efficient delivery of quality education and services. Visualizing the importance of certified add-on courses and its benefits like vocational education, VESCOP had introduced add on course in “Quality Assurance” for Final year students. For professional development short term training program on the topic “Basics and Applications of Pharmacokinetics in drug Development” for Faculty members and “Samvridhhi workshop” for supporting staff was conducted. Additionally the HPTLC handling training was conducted for the PG students at Anchrom Labs Ltd. The annual lecture series was initiated for the PG students to enhance their awareness about contemporary research areas. The Institute Innovation cell (IIC) supported by MHRD and AICTE was established in the institute to foster the culture of innovation and entrepreneurship among students.
