### IX] CAMPUS TO CORPORATE TRANSITION PROGRAMME

#### *Campus to Corporate (C2C) Transitions – “Creating Enabling Attitude”*

Making a transition from Campus to Corporate life proves to be a major stumbling block for many new hires. There are unspoken nuances and social norms that many graduates are completely unaware of and adjusting to a professional environment can be extremely challenging as also traumatic to a few. Employability requires three key ingredients of competency – knowledge, skills and attitude – knowledge, as you notice is just one component. While we have been doing a fairly good job on the knowledge front, but the gap is mostly observed in areas of technical skills development including enhancing soft skills abilities of the students. The need for campus to corporate originates from the dynamic environment that we operate in, though our education system prepares us thoroughly & intellectually, the work challenges require various business skills that are not part of curriculum. VESCOP has designed its Campus to Corporate training program to boost the confidence of the freshers and provides them tools like goal setting, team work and stress management.

While Knowledge and Skills will help students to become employable but without an enabling attitude, the employability would be a short lived experience and hence a lot of focus on “Creating Enabling Attitude” must be given. It is the ‘Attitude’ which drives ‘Knowledge’ and ‘Skills’ for each individual.

VESCOP’s Campus to Corporate program has been created with an objective of empowering students with tools for improving their personal and professional excellence, leading to improved employability and professional effectiveness.

#### **C2C Transition program is conducted in the following avenues.**

- A. ***Vidyan Manch*** – Industry- Academia/Student interaction.
- B. ***Disha*** – Career Avenues after B. Pharm.
- C. ***Talkathon*** – Student Alumni interaction
- D. ***Atmavikas*** – Soft Skill Development

#### **AJ “VIDNYAN MANCH”:**

VESCOP gives utmost importance to practical exposure and interaction to its budding professionals. For this, eminent speakers from the top industry are invited to impart best educational light and enlighten our students with their ideas and experiences.

The fascinating lectures on various topics boost the confidence of new aspirants as the lectures ends with motivating question and answer sessions. Distinguished guest lecturers speak on various important topics that prove beneficial for them while choosing the right career paths.

### **CHEMTASTIC 2016: Making Chemistry Fantastic.**

It has been matter of great concern for all chemistry teachers that the interest level of students in this branch of science has been reducing day by day, for the varieties of the reasons. Hence it is imperative to adopt innovative methods or techniques by which the student community shall get attracted towards Chemistry again and the glory of the subject can be maintained. As small attempt to achieve this goal, the VES College of Pharmacy, Chembur has organized a unique event called as CHEMTASTIC 2016 which includes Chemistry based fun filled events, on 23<sup>rd</sup> July 2016. A series of events have been planned for Undergraduates and Post graduate students which will boost their imagination power, artistic talent and of course chemistry interest. It focuses on different areas of chemistry and bringing out the love for the subject via brilliantly designed activities namely CHEMSKIT (It gives the students to express their thoughts and understanding of chemistry by acting), CHEMBUZZ (expertly designed chemistry quiz competition), CHEM-IN- MOTION (describing day to day chemistry to non-chemistry background made easier by innovative videos), CHEM-O-CHROME (have fun with chemistry with amazing colors in the form of Rangoli), PROCREATION (Model making or working reaction focusing on the theme of the event) which will test student's aptitude and their knowledge. The Chief Guest for this event is Dr. A. K. Tyagi, Renowned Senior Scientist from Chemistry Group of Bhabha Atomic Research Centre. Alluring Cash Prizes amounting to the tune of 25,000 for the winners has been declared. The event is attended by more than 150 participants coming from the southern tip of Konkan to the northern part. Students from Chiplun, Palghar and Navi Mumbai have thronged into numbers to participate in this unique event. The event is the brain child of Dr. Rakesh Somani, Professor and HOD, Dept of Pharmaceutical Chemistry, VES College of Pharmacy, who was also the convener of the event.

### XII] JOURNAL CLUB ACTIVITY

It is an initiative that has been undertaken by VESOP since the academic year 2014-2015. This year VESOP embarks its journey to the third JCA activity which is conducted for undergraduates while they are in third year of bachelors in pharmacy program as per the schedule. This activity attempts to shower light on how certain objectives that VESOP wants to attain and inculcate in its undergraduate students can be achieved via research and review aspect. 15 papers presented by 15 groups, each of 4 students from T.Y.B. Pharm., Sem. VI of A.Y. 2016-17.

### XIII] Undergraduate Research Project:

To develop research aptitude amongst UG students. VESOP has started the initiative of UG research project programme where in UG students undertake training in short term and long term research projects under research guides. Currently 12 UG research projects are going on

### XIV] KRIDA-VARTA:

#### *A]. SHRESHTHATA AWARD*

The Shreshthata Awards is an initiative by VESLARC (VES Leadership and Research Centre) to acknowledge and encourage students who endeavor to make a difference in spite of unaccommodating circumstances. ### National Recognition:

#### 14. AICTE-CII India Ranking:

As part of regular quality check, VESCOP had participated in prestigious AICTE (All India Council of Technical Education) –CII (Confederation of Indian Industries) best Industry-linked pharmacy institute (Degree) survey which was conducted at UK-India Tech Summit held at New Delhi. This summit was jointly inaugurated by Hon. Prime Minister Shri Narendra Modi and UK' PM Theresa May on 7th November 2016.

AICTE–CII, with the aim of fostering industry academia linkages, as well as promoting innovation and entrepreneurship among students, has since 2012 introduced the AICTE-CII annual awards. High levels of parameters are set for judging technical institutes. The yardstick comprised certain critical areas like faculty, placement, Curriculum, Research/ Consultation, Infrastructure and Governance. Based on the objective scores achieved by each institute, they were shortlisted for second stage of assessment and scrutiny by the Jury members from CII & AICTE.

Out of total 890 participating institutes in the category of Architecture, Pharmacy, Management and Engineering, 48 institutions were shortlisted for the second level of evaluation. Amongst them, in the category of Emerging Pharmacy degree institutions, there were 26 participating institutions and 5 of them were shortlisted for second level of evaluation, VESCOP being one of the five institutes. On scrutiny, the institute was placed in the platinum category. VESCOP was the only institution to receive platinum ranking in emerging pharmacy institutes category in the entire western zone (Maharashtra, Gujarat, Goa & Rajasthan). At national level, only 18% of the total participating technical institutions qualified to the platinum category. The national average score for all disciplines was 19.24, the average score of pharmacy discipline was 24.57 whereas VESCOP scored an impressive 51.57. The efforts made by VESCOP in establishing industry-connect was appreciated. This prestigious certificate was handed over by the Chairman of AICTE Prof. Anil Sahasrabudhe to the Principal of the college during India- UK Tech Summit.

Shri. B.L. Boolani, who is the trustee-in-charge of the institution, has been the driving force for motivating to establish the industry linkages and promoting research. His guidance and proactive support by the VES Management has created very conducive environment in the institution leading to establishing high goals.

The college is headed by Principal Dr. Supriya Shidhaye, who is an eminent academician and a competent administrator having more than 2 decades of experience in Pharmacy academics. She has been very proactive in increasing industrial collaborative Research and increasing industrial exposure of the students. This ranking has been the fruit of her leadership and efforts
