Then there was a Crossword arranged about the teachers with relevant hints and a word search to find names of the teachers. This game was to know how well our teachers know their other teacher friends around. There was also a Word Search of the names of all the teachers hidden among alphabets. It was heartening to see the teachers getting so involved in the games. Top 3 were declared winners based on speed and accuracy in solving both of the games, and were given chocolates as their prize.

After the games, our dear teachers were felicitated with a small memento which expressed our gratitude to them. The felicitation was done by the President of the Student Council and Rotaract Club.
