## GROUP B

# Pharmacoeconomics: Its S.W.O.T Analysis

Haabil H., Kavish S., Hardik S., Umang A., Shikha D.  
Roll Nos: 23, 28, 47, 3, 12

### STRENGTHS

- Cost minimization:**
  - Customer: Innovations with similar economic and therapeutic that optimal strategy based on value.
- Cost-effectiveness:**
  - Customer: strategies on the basis of varying cost and of investments in clinical practices.
- Cost-benefit analysis (CBA):**
  - Therapeutic: all outcomes of interest that necessary under fixed priority, to make resource allocation decisions with effectiveness.
- Cost-utility analysis (CUA):**
  - Customer: strategies on the basis of utility and overall health, referred for performance, or quality.

### Introduction

Pharmacoeconomics can be defined as the branch of economics that uses cost-benefit, cost-effectiveness, cost-minimization, cost-utility and cost-utility analysis to compare pharmaceutical products and investment strategies.

### WEAKNESSES

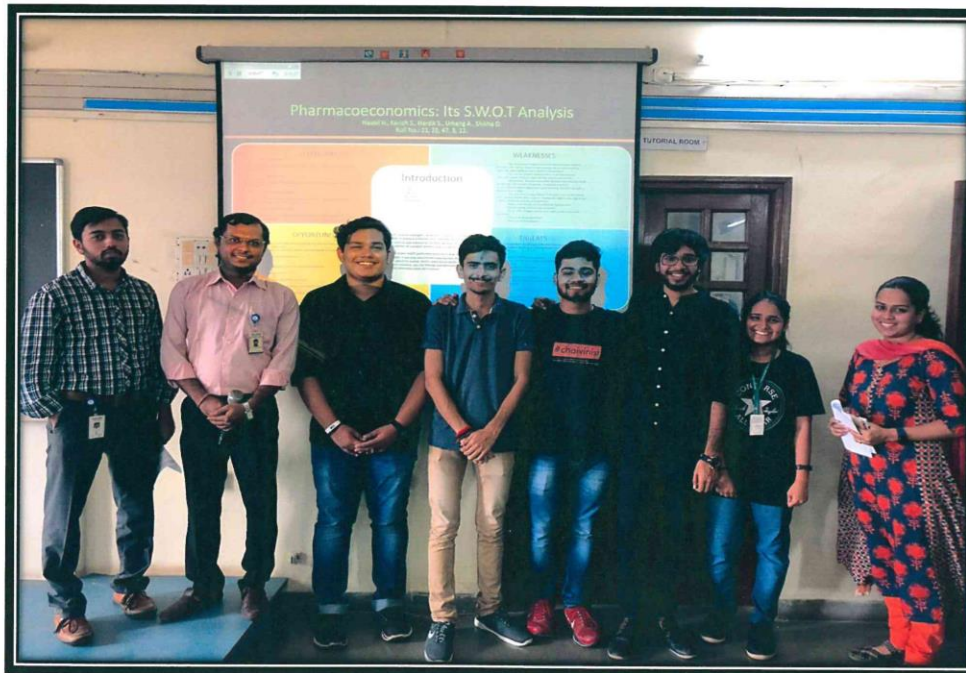

- The weaknesses of pharmaceutical industry's cost analysis:
  - discusses the internal industry weaknesses that are not providing significant value added or are in need of improvement.
  - the internal industry weaknesses can include physical resources, human resource or research, the educational system.
  - for example - the pharmaceutical industry's weaknesses could include high cost services marketing, strategic sound of pharmaceutical medical equipment, poor branding, low staff morale, or the marketing of drugs.
  - They also stop an organization from performing at its optimal level. Resources may be full of capital, but customer loyalty drops, high levels of debt, increasing number of competitors.
  - What makes SWOT particularly powerful is that, with a little thought, it can help you uncover opportunities that you are well-placed to exploit. And by understanding the weaknesses of your business, you can manage and eliminate threats that would otherwise catch you unaware.

### OPPORTUNITIES

- Opportunities refer to favorable external factors that an organization can use to gain a competitive advantage.
- A SWOT analysis helps identify to predict how they should be managing risks with market trends.
- Changes in technology and market.
- Changes in government policy or regulations/legislation.
- Local and global events.
- Patented new uses of products/drugs.
- Use of marketing or promotional techniques to boost the business.
- Social factors (eg. Population fluctuations, climate change, etc.).

### THREATS

- Threats are anything which can adversely affect a business. Unfavorable trends in demand for pharmaceuticals, pharmaceutical innovation.
- Changes in technology for producing drugs.
- Changes in market: pharmaceutical market can be used that will help us understand the market.
- Production like eg. generic and仿制药 (counterfeit).
- Pharmacoeconomics in your school.
- Business of pharmaceutical drug.
- Business opportunity for research based innovation: it's difficult to be successful as a marketing tool.
- Customer's misperceptions.
- Business opportunity: pharmaceutical market is growing rapidly. Marketing and promotion can be used to increase sales in their business.

## GROUP I

 Waste management or waste disposal are all the activities and actions required to manage waste from its inception to its final disposal.

Pharmaceutical waste management is an important part in pharmaceutical industries.

**INCINERATION AND LANDFILLING**

DRY WASTE  
EXPIRED AND UNUSED DRUGS,  
INHALER CARTRIDGES, USED  
BOTTLES, VIALS, SYRINGES,  
POWDERS AND OTHER  
SEMISOLIDS

**SEWER AND FAST FLOWING WATER COURSE**

WET WASTE  
SOLUTIONS, CREAMS,  
INTAVENOUS  
FLUIDS, DILUTED  
DISINFECTANTS

**AUTOClave**

GLOVES, NEEDLES, TUBINGS,  
IV BAGS, SYRINGES

**DRY AND WET WASTE MANAGEMENT IN PHARMACEUTICAL INDUSTRY**

**HAZARDOUS WASTE IS SEGRAGATED AS FOLLOWING:**

 ANYTHING CONTAMINATED WITH BLOOD, ALBUMIN, IVIG, ETC

 ALL SHARPS, NEEDLES, PINS, IV SPIKES, EMPTY SYRINGES, GLASS BOTTLES

 TRACE CHEMICALS INCLUDING ALL SUPPLIES USED TO MAKE AND ADMINISTER CYTOTOXIC MEDICATIONS

 HAZARDOUS PHARMACEUTICALS-ALL CYTOTOXIC DRUGS SUCH AS CYCLOSPORINE, OXYTOCIN EPINEPHRINE, NITROGLYCERIN TABLETS ETC. MAY CONTAIN MERCURY

## GROUP H

SHOULD E-PHARMACIES BE BANNED?				
INTRODUCTION	ADVANTAGES	DISADVANTAGES	ROLE OF CONSUMERS	CONCLUSION
<ol style="list-style-type: none"> <li>1. Now-a-days we witness a phase transition of buying pattern of any goods. With the advent of technology, offline shopping switches to online mode.</li> <li>2. Then how could be our field of pharmacy stay untouched of this? Buying drugs/medicines online is the latest trend amongst the Indian patients and consumers.</li> <li>3. With this increasing trend of buying medicines online, number of online pharmacies also increase. An E-Pharmacy is a pharmacy that operates over the internet by selling drugs and sending them to their customers. It can also be called an internet pharmacy or an online pharmacy.</li> <li>4. With the internet making everything easy, patients can now, by use of prescriptions, order for medicine via the internet and receive them as packages.</li> <li>5. They are a massive hit and more and more people are opting to use them rather than their local pharmacy.</li> </ol>	<ol style="list-style-type: none"> <li>1. Convenient</li> <li>2. Private and Confidential</li> <li>3. Range of choices</li> <li>4. Time and Money Saving</li> <li>5. Affordable</li> </ol>	<ol style="list-style-type: none"> <li>1. Unlicensed Pharmacies</li> <li>2. Risk of Counterfeit Drugs</li> <li>3. Hidden Costs</li> <li>4. Privacy Not Guaranteed</li> <li>5. Late Delivery</li> </ol>	<ol style="list-style-type: none"> <li>1. Consumer awareness</li> <li>2. Consumers need to be educated about authenticity of the service provider &amp; product and to avoid sites that sell drugs without a legal prescription.</li> <li>3. Good online pharmacies have well-defined safety and quality benchmarks, uncomplicated privacy and security policies, a verifiable physical address and licensed pharmacist on roll.</li> <li>4. Clinicians should familiarize themselves with a few reputable and legitimate online pharmacies that they may recommend to their patients.</li> <li>5. We need to reflect on the consumers' interests and inclinations for online pharmacies to enhance a symbiotic physician-pharmacist-patient relationship.</li> <li>6. Adequate monitoring from regulators can help the consumer reap rich benefits of these pharmacies, without the inherent risks involved.</li> </ol>	<ol style="list-style-type: none"> <li>1. Everyone should keep up with the fast-paced world of the internet, as it is the future of humans. India is still a developing country.</li> <li>2. The retailers should also wake-up and stop following the stereotypes. The medicine retailers should start their own E-dispensary, as it will surely increase their selling coverage and boost their sales ten folds.</li> <li>3. By selling online, medical shops will save themselves time while their annual earning will go off the charts</li> </ol>

## GROUP M

### DRY AND WET WASTE HANDLING IN PHARMACEUTICAL INDUSTRIES

**PHARMACEUTICAL WASTES**

- Expired or unused drugs
- Vaccines and chemical products
- Solutions used to make preparations
- Alcohols, disinfectants and other liquids.

DISPOSAL METHODS	TYPES OF PHARMACEUTICAL
(1) Return to manufacturer	All bulk waste pharmaceuticals
(2) Incineration	
- High temperature incineration (1200°C)	Solids, semisolids, powders, and suspensions
- Medium temperature incineration (max 850°C)	Powders, solids, controlled substances
(3) Immobilization	
- Waste encapsulation	Powders, liquids, solids
- Incineration	Solids, liquids, semisolids, and suspensions
(4) Landfill	
- Highly engineered sanitary landfill	Limited quantities of untreated solids, semi-solids and powders. Disposal of waste pharmaceuticals in dry-immobilization preferable. PVC, plastics
- Engineered landfill	Waste solids, heavy solids and powders. Preferably after immobilization. PVC, plastics

**DRY WASTE MANAGEMENT**

**WET WASTE MANAGEMENT**

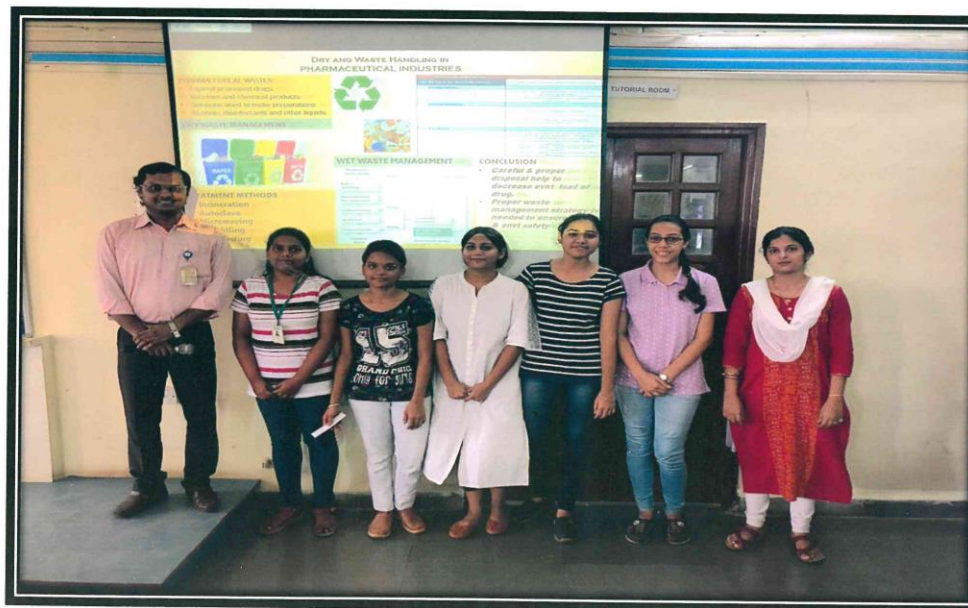

**CONCLUSION**

- **Careful & proper disposal help to decrease evnt load of drug.**
- **Proper waste management strategy is needed to ensure health & envt safety**

**TREATMENT METHODS**

- Incineration
- Autoclave
- Microwaving
- Landfilling
- Composting

## GROUP L

# Should E pharmacy be banned?

E pharmacy is also known as online pharmacy. It operates over an internet portal & sends order to customers through mail & shipping companies.

❖ **DISADVANTAGES.....**

- HIDDEN FEES ADDED TO DRUG PRICES.
- UNLICENSED PHARMACIES.
- FAILURE TO PROTECT PERSONAL & FINANCIAL INFORMATION.
- SELF MEDICATION.
- LACK OF PHYSICIAN INSTRUCTIONS.

❖ **CONCLUSION.....**

- THERE WILL ALWAYS BE A FEAR OF FRAUDULENCE EVEN IF ONLINE PHARMACISTS GET THE NOD FROM THE GOVERNMENT DUE TO UNREGULATED MANNER OF FUNCTIONING.
- THE RISK OF DRUG ABUSE AND INVALID AUTHENTICATION TO E PHARMACIES WILL POSSES A SERIOUS THREAT TO CUSTOMERS.
- MANY ONLINE PHARMACIES ARE UNREGISTERED, SO BUYING FROM THEM IS POTENTIALLY UNSAFE.
- HENCE ONLINE PHARMACIES SHOULD BE BANNED FOR THE BENEFIT OF CUSTOMERS AND HEALTHY LIVING.

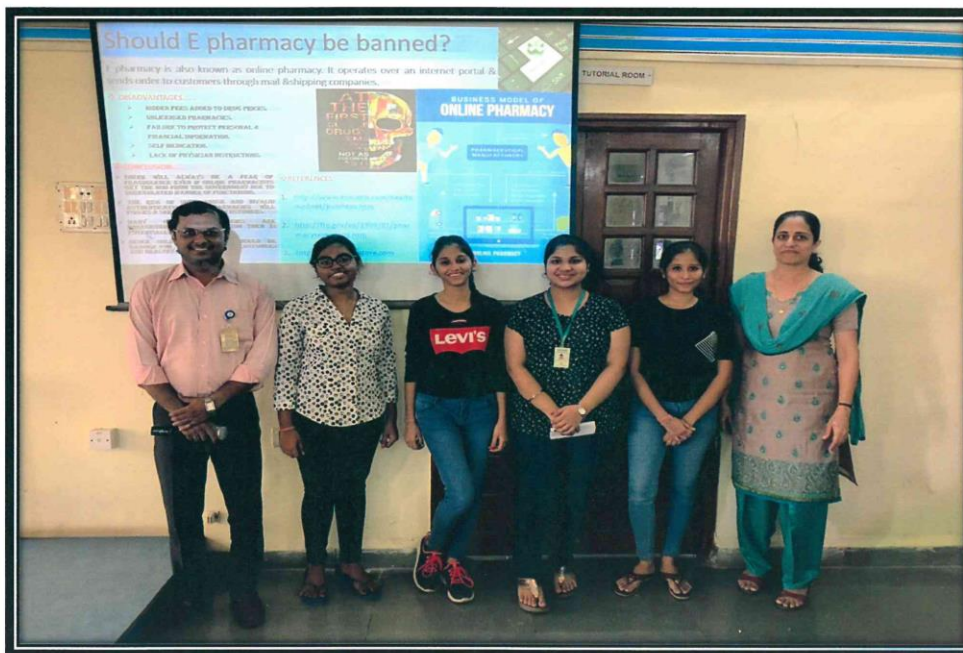

**BUSINESS MODEL OF ONLINE PHARMACY**

Dear All,

First of all thanks to Research Promotion Cell for providing very innovative topics for the Digital Poster Club Activity.

Herewith attaching detailed schedule regarding the groups, date, time and name of evaluators.

Also requesting evaluators to be on time so that the said activity will be completed in the stipulated period of time.

Venue: 5th floor class room.

Time: Mentioned in attachment

I request all the student participants to make a kind note and do the needful.

--

With Best Wishes,

**Mr. Ojaskumar D. Agrawal M.Pharm.**

Hello,

By considering input from cr. 3 incharges, we can give following topics & attain our less mapped POs

1. Should e-pharmacy be banned?
2. Role & responsibility of Medical Representatives as bridge between Pharmaceutical Companies & Medical Practitioners.

You can go ahead with above mentioned topics, also requesting other committee members Mr.Pratip Sir & Chaitali Madam to suggest suitable topics in alignment with points raised by cr. 3 members.

Regards,

On Tue, 16 Oct 2018, 11:30 Vidhi Bhatia, <vidhi.bhatia@ves.ac.in> wrote:  
 Dear Sir,

We can take the following topics in order to strengthen the weakly mapped POS

- 1) Modern Tools
- 2) Technological changes
- 3) Ethics in making decisions, Working, marketing, Product
- 4) Society and legal issues during pharmacy practice

Best regards

Mrs Vidhi Bhatia

 Hello madam,

We conduct this activity for less mapping PO.

Hereby requesting you, kindly inform topics for activity by considering PO mapping of this year so that we can inform to respective students of second & first year well in advance & try to get maximum attainment

Regards,

Dear Ojas Sir,

As part of our UG project activity, you need to conduct following activity and report to our UG research promotion cell (RPC) comprising of Dr SZ/ Mr PC/ Miss CS.

**SY – Poster Presentation (Helpful for Gap analysis – Communication and presentation skills improvement)**

### Topics Proposed from criteria 2

- Effects of solvents used in Pharma Industry on environment
- Effect of Pharmaceutical industry Waste on environment and its management
- Biomedical Waste Management

The (RPC) should note this.

With warmest personal regards,

Rakesh R Somani, Ph D.

Professor and Head,  
Department of Pharmaceutical Chemistry  
VES College of Pharmacy, Chembur, **(A Glorious Decade in Pursuit of Academic Excellence)**

1. this is a full class activity. lab based research is a group activity for those who r interested.
2. max 4 people in a group
3. K/A cr 2 incharges
4. i thing digital poster will do. but needs to be done in seminar hall pnly to get the feel.

Dear Ojas Sir,

To clarify the queries-

1. The group can be of 4 students
2. Number of groups will depend on the class strength (total no/4)
3. Topics that were mentioned are very broad and were just examples to indicate that the topic has to map with the weak POs of environment sustainability. You can give more specific topics in consultation with RCP.
4. Digital poster will be fine- to minimize economic burden on students. But the students will have to present the topic as well (since we will be mapping communication skills with the activity as well). We can print the best 2 or 3 posters for display- just a suggestion. You can take call in consultation with RCP.

Best regards

Best Regards

Mrs. Gayatri Aggarwal

## Research Promotion Cell - Guidelines

Pratip Chaskar <pratip.chaskar@ves.ac.in>  
To: vescop\_educationists <vescop\_educationists@ves.ac.in>

11 August 2017 at 12:14

Dear all...

As you all are aware about the formation of Research Promotion Cell, I am sending herewith the guidelines that needs to be followed while performing this activity.

These guidelines are confirmed by Criteria 2 in-charges and the NBA co-ordinator. This activity is to be undertaken for PO attainment.

A request to Class co-ordinators to orient and encourage the learners about this activity.

--

Thanks and Best Regards.

## VES COLLEGE OF PHARMACY

Hashu Advani Memorial Complex, Behind Collector Colony, Chembur (E), Mumbai - 400 074

### GUIDELINES FOR CLASS PROJECTS (COMPULSORY)

FIRST YEAR B. PHARM. – SURVEYS CLUB ACTIVITY (SCA)

SECOND YEAR B. PHARM. – POSTER CLUB ACTIVITY (PCA)

THIRD YEAR B. PHARM. – JOURNAL CLUB ACTIVITY (JCA)

1. Every Class Co-ordinator will orient and divide the learners into groups comprising of a maximum of 4 learners in a serial order.
2. Every group of TY learners will be assigned only one guide by the class co-ordinator whom they will approach for topic of the talk. Class activity for FY & SY learners can be conducted by a single faculty based on the directives of the class co-ordinator.

Requirements:	FY	SY	TY
Faculties per Group	2 Evaluators	2 Evaluators	1 Guide + 2 Evaluators
Time permitted	10 min	4 min for presentation + 2 min for questions	20 min for presentation + 5 min for questions
Time period	1 Day	1 Day	4 presentations/week
Evaluation	Impact Analysis & Evaluation Sheet	Impact Analysis & Evaluation Sheet	Impact Analysis & Evaluation Sheet

3. Class co-ordinators may take a call about commencement of the activity. However, it will be advised to start from the odd semester itself.
4. Evaluators have to be present according to the schedule and sign in the sheet.
5. The schedule should be displayed on the notice board and announcement will be made at least 15 days prior to the commencement of the activity.
6. Refer to the schedule, if needed mutually adjust in the time-table and be present for the activity.
7. The evaluators should fill the evaluation sheet and the same should be submitted to the class co-ordinator immediately on the same day.
8. It will be the responsibility of the learners, faculty members, guides and the evaluators to strictly follow the schedule. No reminders will be given from the class co-ordinator.
9. Any change on the schedule should be reported in advance to the class co-ordinator by the guide and not the learners.
10. The marks for these activities will not be incorporated as STI but will be used directly for PO mapping (except for TY learners).

### GUIDELINES FOR LABORATORY BASED PROJECTS (VOLUNTARY)

1. The class co-ordinator will orient their respective classes about laboratory based projects.
2. The learners interested will approach the faculty members as per their area of interest for the projects. One or more than one faculties can be involved in guiding the learners for laboratory based project.
3. Every guide will fill in the format shared on the drive immediately after confirmation of the topic and the duration of the project. The update should be done periodically as required on urgent basis.
4. The guide should ensure that the log book entries are done by the UG researchers.
5. After completion of the research, a detailed compiled report should be submitted compulsorily to the Research Promotion Cell.
6. It will be the responsibility of the guides to strictly follow the time duration. No reminders will be given from the Research Promotion Cell.

**Please note that all the class co-ordinators themselves will orient the class about these two projects and not through class representatives so as to have seriousness about the activity.**
